## MINERAL LANDS.

### Railroads Ask a Modification of a Very Onerous Ruling.

WASHINGTON, October 20.—Secretary Lamar to-day heard arguments by representatives of the various railroads in favor of a review of his decision rendered some time since, changing the method of procedure by railroads in excluding mineral lands from their selections. Some months ago Commissioner Sparks asked the Secretary to change his regulations so that hereafter railroads would be compelled to file an affidavit as comprehensive as that of the pre-emption entryman—that none of the lands selected were mineral, and that actual survey and personal investigation had proven this.

The Central Pacific road, by its counsel, showed a letter asserting that it would require affidavits from three-quarters of the citizens of Utah, Nevada and California, in which the road had selected some 400,000 acres of land.

The Secretary, however, needed to the Commissioner's request, and changed the regulations so as to compel this sort of affidavit from the roads. The decision was almost immediately withdrawn, however, to allow the railroads to argue the case, and this was done to-day.

The argument tended to show that the mineral lands through which all land-grant railroads run are very extensive, and that a personal examination of every tract would be necessary under the pre-emption affidavit, would be impossible. The notes of the Surveyor-General must be depended upon, and as a United States official his report ought to be satisfactory to the Government.

One case was taken under advisement.

## CABINET RUMOR.

### Lamar Expected to Resign His Office in a Few Weeks.

WASHINGTON, October 20.—Assistant Secretary of the Interior Muldrow leaves to-morrow for his home in Mississippi, to be gone two weeks. He had not intended going home for some days, but he was told to-day by Secretary Lamar that he had better leave at once and return within two weeks.

The significance of this movement lies in the rumor that Lamar will resign his office as Secretary of the Interior in November, and that after the 15th Muldrow will be virtually, if not actually, Secretary of the Interior. His appointment to succeed Lamar is accepted as a foregone conclusion by the Secretary himself, and it is believed that after he signs his annual report he will leave the field free for Muldrow to manage the Secretary's office to suit himself.

The policy of the department, under Muldrow, will not materially change, for he has been in full accord with Lamar in land, Indian and railroad matters—the three most important branches of department work. He is possessed of an unlimited capacity for work, close application, and is gifted with greater firmness than his superior officer.

## Sacramento Immigration Scheme.

SACRAMENTO, Oct. 20.—At a meeting held here by real-estate dealers and others this evening, steps were taken to have a committee representing the Improvement Association, Immigration Association and Sacramento Board of Trade visit the Southern Pacific Company with a view to procure stop-over privileges on third-class tickets upon the arrival of immigrants at Sacramento from the East. It is believed that many who now go south would, upon an investigation of this section, settle here.

After refusing extravagant offers for the purchase of the San Diego Bee newspaper property, Mrs. Clara Foltz voluntarily raised the scale of composition from 45 cents to 50 cents per 1,000 ems, which is 5 cents above the San Diego Union scale. The Union printers have adopted resolutions enjoining Mrs. Foltz and pledging the support of all the trades unions. The Bee has made thousands of friends by its policy.

General Prior made a strong argument Friday before the U. S. Supreme Court for a writ of error, in the case of the Chicago Anarchists. The case was continued until Monday.

Senator Stewart is still busy talking improvements at Alameda.

## AN OREGON OFFICIAL.

### He Thinks the Pacific States are Sure to Go Republican.

CHICAGO, October 20.—A special from Pittsburg says: E. B. McElroy, Superintendent of Public Instruction of Oregon, was in the city yesterday on his way home from the East. Regarding the political situation he said: "Governor Penneyer, of Oregon, was elected by the Democrats a little over a year ago solely on account of the Chinese agitation in the State. Had it not been for this element at the last political election the Republicans would probably have been successful. On a square test vote between the two parties Oregon is today a Republican State. The party workers are now putting the State into line, and from the present favorable outlook it will almost to a certainty go Republican at the next Presidential election. The outlook is very favorable in the other Western States. In California and Nevada the same condition of affairs exists. The people of these States are dissatisfied with the Administration of President Cleveland. That this is so is becoming more apparent every day. It does not take a very close observer to note that Cleveland's Administration is in bad order. These States can be depended upon to cast a handsome vote for the Republican nominee at the next Presidential election."

"So far as Presidential preferences are concerned, the Republicans of Oregon are in the main for Blaine. He is a popular man in the State. The people, however, are not so devoted to one man, but they realize that there other men in the party who can lead them to victory. Next to Blaine they favor Senator Sherman."

Diaz will be re-elected President of Mexico.

MINERS, TAKE NOTICE.—The labor market, particularly at the mines, is largely overstocked, and to-day there is a surplus of at least 100 men who are unable to get employment. Houses are scarce, lodging houses and restaurants are full, and it is time to call a halt to immigration until next Spring, when, in all probability, a number of other properties will be started up, thus insuring employment. Exchanges, please make a note of the above.—Tuscarora Times-Review.

## Advice to Mothers.

Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? If so, send at once and get a bottle of Mrs. Winslow's Soothing Syrup for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures dysentery and diarrhoea, regulates the stomach and bowels, cures wind colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. Mrs. Winslow's Soothing Syrup for Children Teething is pleasant to the taste, and is the prescription of one of the oldest and best female nurses and physicians in the United States, and is for sale by all druggists throughout the world. Price 25 cents a bottle. feb. 21-sw 1-11

BEATS THE LOUISIANA LOTTERY.—For the next sixty days all those who purchase one dollar's worth of groceries at Haver's Cash Store will receive a ticket in a drawing for a fine gold watch. This is certainly a liberal proposition and all groceries sold at this establishment are fresh and of the best quality, and are disposed of at the lowest retail price. All goods are warranted and if not as represented the purchase price will be refunded. Go and take your chances in the watch.

Dan Sohl wishes to inform purchasers and consumers that he is now prepared to furnish all variety of sausages, sirloins, can corned beef, mutton, pork and puddings, to customers in Wadsworth, Battle Mountain, Palisade, Elko and Eureka on the shortest notice either by mail or telegram. He also wishes it to be known to ranchers of Nevada, that he will buy hogs from them at market rates as fast as they can bring them in. Dan's sausage can be ordered from Mr. Nicholson's grocery on Commercial Row.

Dr. Chas. W. Porterfield, the celebrated specialist, who is now at the Lake House, has an entirely new method for the treatment of rupture, which is bringing relief to thousands of sufferers, and making his name famous throughout the land. The Doctor invites all suffering from hernia to come and see him whether they wish treatment or not. He will give you almost instant relief, and shortly effect a permanent cure. Consultation free. At the Lake House for one week.

Auction.—I will sell at auction the remnant of stock of dry goods commencing Monday Oct. 24, at 2 P. M., and continue until all are sold.

## 250 Beautiful Lots For Sale!

A RARE CHANCE FOR INVESTMENT AND A HOME

THE MOST LOVELY PORTION OF RENO.

Facing the Truckee—The Aristocratic Riverside Avenue Driveway—Splendid Sewerage—Healthy Location and Safe From Fire.

The proprietor is now ready to receive proposals for lots in Powning's Addition. The map gives a good idea of the Tract, which is situated between the Central Pacific Railroad and the Truckee River, and commences on the west at a point three blocks distant from Virginia Street, making it the most central and convenient of any portion of the rapidly growing town of Reno. Unlike any other part of the town this Addition faces the beautiful Truckee River and Riverside Avenue is certain to become the fashionable driveway of the country. The streets are 80 feet wide, while Riverside and Keystone Avenues are intended to be 100 feet in width. All alleys are 20 feet wide. The soil is a rich gravelly loam, and susceptible of the highest state of cultivation. Being situated as it is it is more safe from fire than any other section. The regular lots are 50x140 feet. The sewerage is perfect.

Before Buying Elsewhere Parties will do Well to Look at These Lots.

**RENO**

Has no equal in Nevada or California for salubrity of climate, wealth of soil, diversity of products and stability. Situated in the very heart of the celebrated Truckee Meadows the future of Reno is assured. Reno is the City of Homes. There is not a house to rent in Reno. New buildings are occupied as fast as erected. Reno has advantages which no other town can equal. The climate is mild and genial in Winter, and even and healthful in Summer. There are no excessively heated or severely cold terms, and while the days may be warm in Summer the nights are deliciously cool; in Winter sleigh-riding is the exception and not the rule.

Facilities for irrigating surpass any in the State, and there is no failure of crops. Reno has Churches of all denominations, Bishop Whitaker's School for Girls, Mt. St. Mary's Academy, the State University, and splendid Public Schools.

The Reno Water Co. furnishes ample pure, cold water for all purposes. The Reno Electric Light Co.'s electric light system, already well established, is being augmented. The Reno Gas Co. supplies gas for all purposes. The streets of Reno are lighted by electricity.
